Senior Sermon Is Heard Sunday Eve

The Rev. Wendell M. Hainlin, vicar of the Episcopal Church of the Holy Nativity, turned to the New Testament to the parable of the giving of the talents to the servants for his spiritual message to the Pahokee High School Class of 1955 at the baccalaureate services in the high school auditorium Sunday night.

"Consider your 12 years of formal education a talent, costing you perhaps one-fifth of your life span, costing the taxpayers more than \$3,000 and calling for untold love, interest and patience on the part of parents and teachers," the speaker suggested. He then warned the 45 members of the class, "You are certain to lose your talents if you bury them within yourselves. Abilities learned soon corrode and lose their value if not put into active use."

In a direct appeal to the class he pleaded with the Seniors to "continually expand your education and not bury your talents but start putting them to use immediately for God's glory and for the well being of your fellowmen, your community and your country."

The speaker was introduced by Principal Clyde A. Canipe. An invocation was given by Dr. Robert A. Guy and the benediction, by the Rev. E. William Palmer. Special music was presented by the PHS Glee Club and the Senior Girls Chorus. Miss Margaret Powell, pianist, played the processional and the recessional for the class.

Speer Reports An Excellent Season

The Everglades is having one of its best agricultural and cattle raising years in history, according to representatives of the county agent's office. H. L. Speer, Asst. County Agent, said the month of May made history in the Glades. He said the Belle Glade Livestock Market sold a total of 7,882 head of cattle which brought a total of \$540,720—a record month.

Speer also reported that nearly three million packages of vegetables had been shipped from the Glades this year—another record. County Agent M. U. Mounts had a different viewpoint on the county's mango crop—"below par both in quantity and quality."

Clerk's Office To Close Saturdays

The city clerk's office in the Pahokee City Hall will be closed all day Saturdays through June, July and August, according to Mrs. Dorothy Graham, city clerk.

Weekday hours for the city hall, Mondays through Fridays, through the summer will be from 7:30 a. m. to 5 p. m., Mrs. Graham said.

ANOTHER YEAR AT COOP

Ed Thomas, who has been sales manager at the Lake Okechobee Farmers Cooperative in Canal Point during the past season, will be with the same organization next year. He will leave soon for a month's vacation before returning for the fall deal.

Belcher Tells Lions Of Rotary Meeting

Bascom A. Belcher, president-elect of the Pahokee Rotary Club, was guest speaker at the dinner meeting of the Canal Point Lions Club in the Community Hall Monday night.

Introduced by O. H. Sheppard, program chairman, the speaker told of his recent trip to Chicago, Ill., where he represented the Pahokee club as an official delegate to the Rotary International Golden Anniversary Convention. He illustrated his talk with colored slides of Chicago scenes.

George Wilkerson, sixth grade teacher and athletic director at the Canal Point School, who was a visitor at the meeting, reported he has completed the organization of a Little League baseball team made up of Canal Point boys and the team will continue to play games this summer under the direction of Herbert Miller, supervisor of the summer recreational program at the Canal Point School. Coach Webb Fell of Pahokee also was a visitor. President Osceola Upthegrove presided.

Edward Cooper also received a diploma, but was not present to accept it.

Petition Seeks Liquor Restriction

Restricted sale of alcoholic beverages in a section of the Everglades was taken under study by the county commission this week, after residents petitioned the board for such a restriction.

Commissioner Paul Rardin, Canal Point, presented the petition to the commission, signed by about 100 residents in the Belle Glade area, asking the board to limit liquor establishments to the one now doing business in the area.

The petition was also supported by a letter from Federal Housing Authority representatives operating the Chosen migratory workers camp.

The petition asked the board to restrict the retail sale of liquor, beer and wine by package and by drink in the south half of section thirty.

At Commissioner Rardin's request, the board referred the petition to the county attorney for study and for preparation of papers necessary for meeting the request.

More Class Rooms For Glades Section

Palm Beach County School Board Member Thurmond W. Knight said yesterday that the contract has been awarded for three additional class rooms at Pahokee Elementary school. It is expected that construction will start within the next few days. The contract was in the neighborhood of \$35,000, he said.

Another contract for much-needed facilities at the East Lake School on Belle Glade road in Pahokee is being planned and bids will be received on June 24, according to Mr. Knight. Four new class rooms, a cafeteria and library are included in the construction plans which call for an estimated expenditure of \$146,000.

The group voted to have a kick-off breakfast at Dan's Restaurant Thursday at 7:30 a. m., when plans for the final phase of the membership drive will be completed. The directors and the membership committee chairman were asked to be present, each to bring a worker to the kick-off breakfast.

45 Graduates Get PHS Diplomas

The 45 graduates of the Pahokee High School Class of 1955, the largest class in recent years, heard some sage words of advice from Judge Edward G. Newell of West Palm Beach in his address at the commencement exercises in the high school auditorium Monday night.

"Everyone is telling you that you are the leaders of tomorrow and it is true from your generation will come our future leaders, but don't get the impression the world is waiting with open arms to turn over to you the leadership of its affairs. You can not gain leadership without a struggle and your qualifications for leadership must be approved by the world before you will be allowed to take over," he said.

The graduates were told by the speaker that true success in life is measured in terms of service to humanity, not in the accumulation of material wealth; that it matters not so much what they do in their life's work, but how they do it; that no matter how much knowledge is gained, the wisest of men can sometimes learn things of importance from fools. He urged the class members to do their bit in promoting peace on earth by learning to live in harmony and peace with their community neighbors.

He concluded his address by saying to the graduates: "As you set sail on the partly chartered sea of life, remember your progress will depend largely on your own efforts." (continued on page 8)

Rardin Announces New County Road

Procurement of needed right of way for building a county road to connect State Road 717 and State Road 15 near Belle Glade was approved by the county commission this week. The road will connect the two state highways at a point beginning near the Palm Beach County Barn north of Belle Glade, Commissioner Rardin said.

The board, at the request of Commissioner Rardin, agreed to request the state to deed a road right of way from property along the north boundary of the state prison farm. The board also authorized the expenditure of \$5,000 to move a drainage pump and to relocate a drainage ditch.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Doris Day's philosophy on getting to the top in show business is: Take It Easy! The happy Day says that people who knock themselves out trying to reach the top are probably in the wrong business. Her bland serenity, combined with her indisputable talent in singing, dancing and acting carried Doris to the top echelons of stardom. The favorite of fans of all ages and exhibitors as well, Doris bubbles over with happiness and never ending energy. She doesn't think life was ever intended to be a vicious struggle for the purpose of achieving success. "When I hear people at the top tell how they fought to reach the level, and how they constantly fight to maintain that spot, I feel sorry for them," Doris said. "I can't help but think that maybe if they had settled for a little less, gone into a field where the going was easier, they would have achieved a lot more happiness, which after all is the only thing that counts." Sitting at the top herself, Doris is the first to admit she hasn't struggled hard to get there. "It's the struggling person who drowns in still water," is one of her favorite expressions. "I've been lucky and I think it's because I haven't tried too hard, and I haven't tried too hard because I never wanted or expected too much. I've just done the best with what I have and here I am." See you at the movies—Mal.

Sad Note From The Bugle

All of us on the *Clarion* were alarmed to learn that our principal rival in the newspaper field—the *Balesville Bugle*—might have to shut down.

Crops were bad in Balesville last year and one of their factories moved out of town. Just temporary hard times, of course—but the *Bugle* needs help now if it's to survive.

So, this paper is going to scrape up a little money to help tide them over, and we hope other local concerns will do the same. We've seldom agreed with them editorially over the years—but

we want their competition to keep us on our toes.

From where I sit, this country needs papers with different points of view—just as it needs people with different ideas and tastes. You may prefer iced tea as a hot-weather cooler... I generally choose a cold glass of beer. But if either of us couldn't express his opinion, and act on it, that would be "bad news" for the whole community.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Miss Eleanor Walker Weds J. O. Schlechter

Miss Eleanor Walker, daughter of Mr. and Mrs. W. Robert Walker of Pahokee, became the bride of Johnny O. Schlechter, son of Mr. and Mrs. W. E. Schlechter of Chosen, in a double ring ceremony held at the Pahokee First Methodist Church Sunday, June 5, at 4 p. m.

The vows were read by Dr. Rembert A. Guy, pastor of the church, as the couple stood before the altar decorated especially for the wedding with floor baskets of white gladioli and white chrysanthemums and potted palms. The scene was lighted by white tapers in wrought iron candelabra. In the window

alcoves were Eucharis lilies and the pews were marked with white satin bows.

Preceding the ceremony B. Elliott, Jr., sang "I Love You Truly" and "Because". Mrs. William McClenithan, organist, played "Dream of Love" and "To a Wild Rose" in addition to the traditional wedding march.

Given in marriage by her father, the bride wore a gown of white skinner satin, nylon tulle and chantilly lace. The fitted bodice, with scoop neckline, and long sleeves of lace were re-embroidered with iridescent sequins. The chapel-length bouffant skirt of nylon tulle and lace was sprinkled with flowers and sprinkled with sequins. The elbow-length illusion veil was fast-

ened to a matching lace crown edged with tiny seed pearls. She carried a white prayer book outlined with white phynosis orchids and centered with a large white orchid. White satin streamers flowed from the book.

Mrs. B. Elliott, Jr., matron of honor, wore a floor-length gown of shrimp crystaletta with matching shrug and hat. Miss Mary Belle Schlechter, sister of the bridegroom, and Miss Carolyn Scruggs, bridesmaids, were in identically designed gowns of tile blue and each carried matching fans of net trimmed with small orchids.

Walter E. Schlechter, Jr., served as his brother's best man. Ushers were Robbie Walker, brother of the bride, Walter Mosley and Jerry

Brent.

Mrs. Walker chose for her daughter's wedding an aqua gown of nylon tulle and lace with matching accessories and an orchid corsage. Mrs. Schlechter, the bridegroom's mother, wore a two-piece dusty rose crystaletta gown with cream accessories and a white butterfly orchid.

At the reception which followed the ceremony at the home of the bride's parents, Mrs. Lavon Batchelor of West Palm Beach, cousin of the bride, was in charge of the bride's book. Mrs. Charles Dickson and the Misses Margaret Lynn Shirley and Melba Pugh served punch and portions of the wedding cake. Mrs. C. A. Batchelor, aunt of the bride, and Mrs. Horace Unwin

also assisted.

The bride selected for her going-away dress, white linen trimmed with blue beads, blue and white accessories and a white orchid corsage. Following a wedding trip through the State, Mr. and Mrs. Schlechter will be at their home in Chosen until next fall when they will move to Gainesville where he will enroll for his second year at the University of Florida.

Jack Phillips, who is operating a plane dusting service in Fairfax, S. C., this summer, spent the weekend in Pahokee with his family. He plans to have his family join him at Fairfax as soon as he can find a suitable home for them.

Quota Restrictions Studied By Rogers

CLEWISTON—Rep. Paul Rogers, along with other members of the House, introduced legislation last week designed to aid American domestic sugar producers who are under a severe handicap because of quota restrictions.

The Rogers on calls for an increase in the basic sugar quota for domestic growers who are not permitted to sell their entire production from authorized acreage. Rogers used the U. S. Sugar Corporation as an example. The company has \$7,000,000 worth of sugar that cannot be sold until 1956 under present quotas.

The surplus, Rogers explained, was not produced from increased acreage but is the result of more efficient methods of production. The storage of the sugar has had an adverse effect upon the sugar industry and the farmers who are growing cane in the Everglades area.

Rogers said his proposed amendment to the Sugar Act would not harm foreign countries or reduce their quotas. He explained the increase for domestic producers would result from an increased demand for sugar on the part of the American consumer.

Mr. and Mrs. J. S. Chastain are spending this week in Thomasville, Georgia.

Christian Science Group Of Canal Point

How the real man of God's creation is divinely protected, maintained, and sustained will be brought out in the Lesson-Sermon entitled "God the Preserver of Man" at Christian Science services Sunday.

Keynoting the Lesson-Sermon is the Golden Text from Isaiah (43:2, 3): "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. For I am the Lord thy God, the Holy One of Israel, thy Savior."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (151:23-24): "The divine Mind that made man maintains His own image and likeness."

The Scriptural selections will include the following from Psalms (40:11): "Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me."

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest at current income, ask your bank about Series H Bonds, which pay interest semiannually by Treasury check.
